

I am writing to let you know that I as a Indiana resident do not want any changes made to the telephone privacy act. I appreciate that many companies utilize the telephone to contact potential clients but I demand that my privacy be concidered a higher priority. I am a very busy business women and I do not have the time nor the inclination to deal with telemarketers including those that are highered by Banks, and other financial istitutions. Please deny any changes to the telephone privacy act.
